MISSION OF PORTLAND CHILDREN'S MUSEUM

We collaborate to create transformative learning experiences through the arts and sciences. The mission of the Opal School is to strengthen education by provoking fresh ideas concerning environments where creativity, imagination and the wonder of learning thrive.

ORGANIZATION OVERVIEW

Portland Children's Museum consists of three aligned entities: (1) the Museum, where exhibits and programs serve the public both on- and off-site, (2) Opal School, an independent preschool and K-5 public elementary school, and (3) the Museum Center for Learning, which documents and disseminates fresh approaches to education and provides professional development for educators. In this description, Museum, School, and Center refer to the specific entity, while Portland Children's Museum (or, "the organization") refers to the whole.

OUR COMMITMENT TO DIVERSITY AND INCLUSION

In the Portland metro area, 47% of students are children of color. At Portland Children's Museum, we strive to have our guest and school families reflect that diversity, and for our staff and board to be equally diverse. We are committed to eliminating barriers to access and equity and see a diverse workforce as a key step toward this goal. We actively seek to recruit, hire, promote, and retain a diverse workforce—one that welcomes and engages people from every background. We value our staff members, volunteers, and board members and their individual backgrounds, which further our ability to serve and learn from the diverse families that enrich our community. We invite you to join us on our journey.
